**THE ARMY RESERVE OFFICERS' TRAINING CORPS (ROTC)
TWO, THREE & FOUR YEAR ACTIVE DUTY SCHOLARSHIP PROGRAMS
(SCHOOL YEAR 1999-2001)**

GENERAL INFORMATION

The Army ROTC scholarship program provides financial assistance for the education and training of highly qualified and motivated young men and women who desire to be commissioned as officers in the Army after graduation from college.

The Army ROTC Green to Gold Scholarship Program provides selected active duty enlisted members of the Army an opportunity to complete their baccalaureate degree requirements and obtain a commission through participation in the ROTC scholarship program. Enlisted members who have completed 1 year of college work toward their degree will be considered for 3-year scholarships. Those who have completed 2 years of college will compete for 2-year scholarships. Individuals who have not attended college or have 4 academic years remaining for a baccalaureate degree may compete for a 4-year scholarship. Enlisted members who have completed a baccalaureate degree and have 2 years remaining to obtain a masters degree may apply for a graduate degree scholarship.

Enlisted personnel who receive these awards are discharged from Active Duty for the sole purpose of enrolling as an Army ROTC scholarship cadet in the fall of the year of award. All active duty pay and benefits are terminated upon discharge. Terminal/transition leave is not authorized if enrolled in Army ROTC. Credit for military service is not received while in ROTC. Applicants are advised that current Department of Defense policy requires scholarship recipients to fulfill all commitments of any enlistment/reenlistment bonus received or agree to reimburse the government for the unfulfilled portion at the time of separation.

A U.S. Army ROTC scholarship will provide financial assistance toward college tuition and educational fees up to an annual amount of \$16,000. Additionally, a flat rate of \$450 per year is provided to purchase textbooks, classroom supplies and equipment. The scholarship does not pay for aviation flight fees, room or board. Army ROTC scholarship winners also receive a tax-free subsistence allowance of \$150 per month for up to 10 months a school year and are paid while attending the ROTC Advanced Camp. The Army ROTC Scholarship Program does not cover the expense of moving your family and household goods from your actual permanent place of abode, home or Army school to the educational institution you will be attending. Contracted ROTC cadets are not authorized use of medical facilities, exchanges or commissaries except during the periods in which they are attending summer camp.

During the period of their scholarship, recipients may, if qualified, receive any portion of the Montgomery GI Bill/Army College Fund benefits they earned while on active duty.

To qualify for benefits under the Montgomery GI Bill, active duty members must:

- serve at least 20 months on active duty if initial obligation is 2 years, or
- serve 30 months on active duty if initial obligation is 3 years or greater, and
- have received a high school diploma or equivalent prior to completion of their initial tour of active duty.

NOTE: Soldiers who request a discharge to enroll in ROTC cannot receive their GI Bill/Army College Fund benefits if they have not completed the minimum length of active service before discharge and contributions to the plan are nonrefundable.

For further information regarding eligibility for Montgomery GI Bill/Army College Fund, contact an education counselor at your installation's Education Center or you may write Commander, PERSCOM, ATTN: TAPC-PDE-EI, 2461 Eisenhower Avenue, Alexandria, Virginia 22331-0472. The important point is to ensure you fully understand the benefits before making any decision.

Applicants offered scholarships must apply and be accepted at a college or university that offers Army ROTC and the academic discipline which you indicated you will pursue. Engineering and/or Nursing scholarship recipients must attend a school with an accredited Engineering and/or Nursing program. Nurse recipients are not authorized to change majors at any time.

You may pursue any course of study leading to a baccalaureate degree listed on page 17 and may engage in any campus/community activity that does not interfere with your requirements.

In addition to your normal studies, scholarship cadets must successfully complete the prescribed military science courses, professional military education subjects, the ROTC Advanced Camp (normally between Junior and Senior years), and any other training that may be prescribed by the Secretary of the Army as a requirement for commissioning. Recipients of these awards are not permitted to participate in the Simultaneous Membership Program (SMP) which permits simultaneous membership in both the Senior ROTC program and U.S. Army Reserve/Army National Guard.

Upon successful completion of military science and baccalaureate degree requirements, scholarship cadets will be commissioned as a Regular Army or U.S. Army Reserve second lieutenant in one of the officer accession branches of the U.S. Army. An individual's branch preferences and needs of the Army determine the branch received at the time of commissioning.

ELIGIBILITY

To be eligible to receive an Army ROTC scholarship, you must--

a. Be a citizen of the United States.

b. Be under 27 years of age on 30 June of the year you complete all requirements for a commission and a college baccalaureate degree. However, this age can be extended 1 year for 1 year of military service. The maximum extension is 3 years. This is a statutory requirement and there are no waivers authorized beyond the allowed extension.

--with 2 years of active service you must be under 29 on 30 June of the year of commissioning

--with 3 years of active service you must be under 30 on 30 June of year of commissioning

If you are already 30 at the time of graduation do not subtract time in service. To ensure age eligibility subtract the birth date from 30 June of the graduation year, then subtract number of active duty years. If result is less than 27, individual is eligible. Example: Individual is currently 26 years old with 2 years 5 months 5 days active duty and has 2 years of college remaining (graduation year 2001).

	YY	MM	DD
30 Jun of Grad Year	01	06	30
Birthdate	72	02	26
Age when Grad	29	04	04
Subtract AD service	02	05	05
	26	10	29

Remember these borrowing rules. If the day of birth exceeds 30 you borrow 30 days from month column. If you need to borrow from the year column, you will move 12 months to the month column. In the example individual will be 29 years, 4 months and 4 days old on 30 Jun of the graduation year, but with active duty credit his age shows as 26 years, 10 months and 29 days on the 30th of Jun of the graduation year and is eligible.

c. IAW Lautenberg Amendment Gun Control Act of 1968, a soldier cannot have a misdemeanor record of a Domestic Violence Conviction (DVM).

d. Have no moral obligation or personal conviction that will prevent you from-

(1) Supporting and defending the Constitution of the United States against all enemies, foreign and domestic.

(2) Conscientiously bearing arms.

e. Have completed a minimum of 2 years of Active Duty as well as three months of active duty for every one month of specialized training received (e.g., Language or Critical MOS) as of the date of discharge. Waiver of service obligation for training may be requested. Headquarters, Cadet Command is not the approving authority of service obligation waivers, this can only be done by HQDA. Provide this headquarters with a copy of basic DA Form 4187. This headquarters will forward the DA Form 4187 to HQDA with your scholarship award information upon award of scholarship and clearance of all medical and administrative conditions.

f. Have received a score of 110 or higher on the General Technical (GT) Aptitude Area of the Army Classification Battery if applying for a 2- or 3-year scholarship. No waivers authorized. A soldier may retest. A GT score is not required for individuals applying for a 4-year.

i. Two and 3-year applicants must have a minimum cumulative grade point average of 2.5 on a 4.0 point grading system on all previous college work completed. Four year applicants must have a cumulative high school grade point average of 2.0 on a 4.0 grading scale. Use of weighted GPA is not authorized. time student to degree completion. Course overloads are not authorized.
